

# BADGERCARE+

---

Since February 1, 2008, all kids in Wisconsin have been able to get the health care they need at a price their families can afford through BadgerCare Plus. BadgerCare Plus allows every Wisconsin family, regardless of income, to have access to affordable, comprehensive health care coverage for their kids. In addition, BadgerCare Plus also offers coverage for more pregnant women, self-employed parents and farmers, and youth aging out of foster care.

Low income families can enroll their children into BadgerCare Plus at no charge. Co-payments for health care services range from \$.50 to \$3.00 for families with lower incomes.

Families with higher incomes will be required to pay reasonable monthly premiums and co-payments for certain services. Co-payments for health care services range from \$5.00 for prescription drugs and \$100.00 for a hospital stay.

Under both plans, there are no co-payments for well child checkups and other preventative services.

It is easy to apply for BadgerCare Plus. Simply go to [www.badgercareplus.org](http://www.badgercareplus.org) and fill out the online application for this program and other health and nutrition programs. The online application is a convenient way for families to access the health and nutrition benefits they need.

For more information about BadgerCare Plus call 1-800-362-3002.
